Project Proposal

Proposal Number 50008 **Proposal Date** December 8th 2008

Short Description:

Educational Support for 100 Poverty ridden Hill Tribe Children in India

Estimated Cost 25.400 **EURO**

Start Date January 1st 2009 **End Date** December 31st 2009

Requested by Sawed Trust India

Project Manager Mr.M.S.Abdaheer

Complete Project Description:

Education is one of the central keys to stop poverty. Through this program, children who drop out of school will be individually coached in order to resolve this Problem, just as the individual support of other slow learner children.

The beneficiaries of this project will be 100 children from 16 different hill tribes from the Palanimalai Hills, who have suffered domestic violence or other types of violence, orphans or children who have been just left behind or rejected children, who never had a chance to feel the love and warmth of a family.

The families of those poor Hill Tribe children will be set up with 1 goat per family, which will help those families to establish a slight income out of those goats, similar to the well known micro credit project which was nominated and achieved the peace nobel price. Afterwards the families will have a start in their little economical independency with those goats, since this project shall help each year 100 different children. This should become a repeating project each year. With your support we can achieve this goal !

Approved in India by SAWED TRUST

Executive Director Mr.M.S.Abdaheer M.B.A.

Educational support for 100 Hill Tribe Children for 1 year in Palanimalai Hills, Didingdul District INDIA
